2. If you are going to apply for Challenge, make sure you have submitted Challenge application. Although the deadline is not until summer, IT IS VERY WISE TO SUBMIT IT ASAP.
3. Make sure an 8-semester transcript gets to the college. Again, find out if your college choice is going to directly request it from the school or if it is your responsibility to see that it is mailed.
4. If you have been offered several scholarships to different colleges, **respond to all college/scholarship offers appropriately**. Let all of the colleges know of your plans. This allows other students who are on a waiting list to also find out ASAP.
5. If you are still needing that magic 19 ACT composite or sub score try to push for that one last try at a higher score; find out if your college choice will allow you to update your scores with the April or June test results.
