

**Student Voice  
& Choice with**

*Canva*

**Stop Motion Video**

Amanda Perry, EdS

# Session Objectives

At the end of this session, you will be able to:

- Create a Canva Stop Motion Video
- Amplify student voice and choice by including stop motion as an option to demonstrate learning

# Why Stop Motion for Student Choice?

It's fun and innovative with endless opportunities!

# What is Canva?

Awesome online tool to collaborate and create online lesson plans, documents, presentations, graphics, visuals, videos, and more!

# Sign Up for Free Account

Create and personalize lesson plans, infographics, posters, video, and more. 100% free for teachers and students at eligible schools.

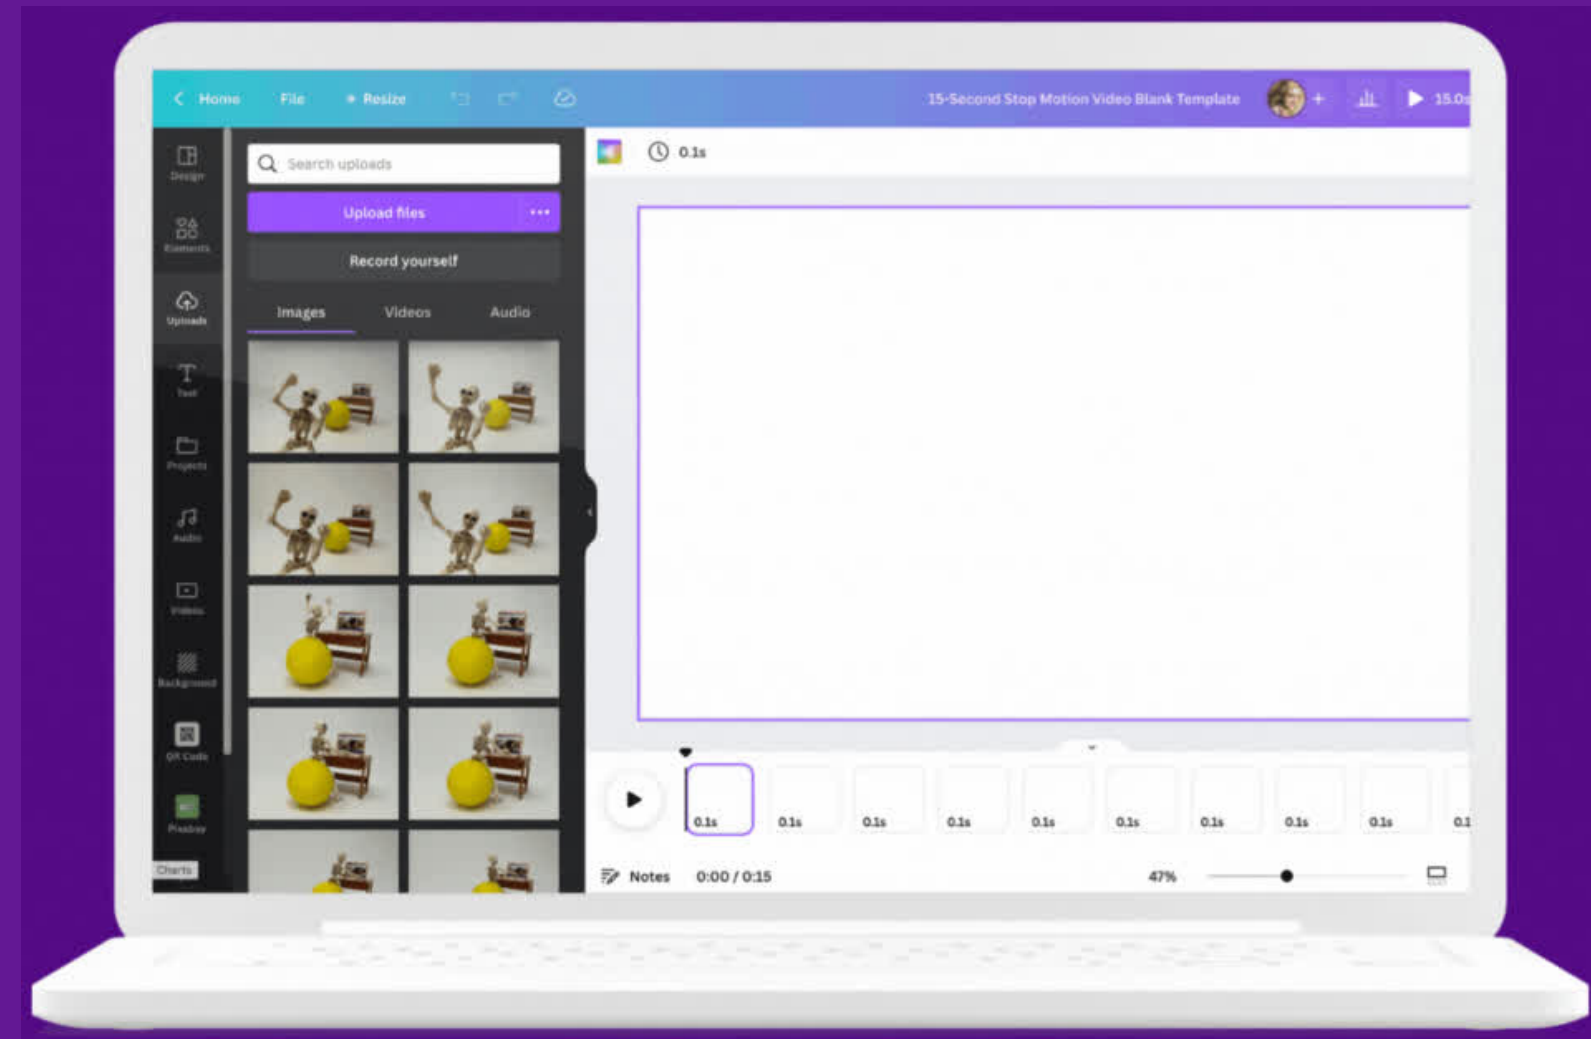

# Creating the Stop Motion Video

Add & arrange images

Add audio, text, & elements

Preview video

15-second blank  
video template.

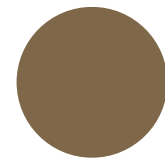

# Canva Elements Used

## Graphics

## Lines & Shapes

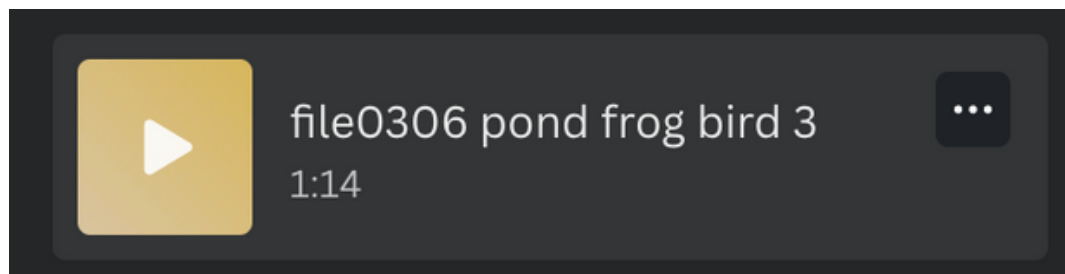

'Frog Eyelid'

'Frog Tongue'

## Audio

Canva Audio File - 'file0306 pond frog bird 3'

# Video Setup

**Slide Timing - Text slides (4-7 seconds)**

**Slide Transitions - 'Match & Move'**

**Animation - 0.1 - 0.5 seconds**

The screenshot displays the video setup interface for a presentation titled "Frog Life Cycle". The interface is divided into several sections:

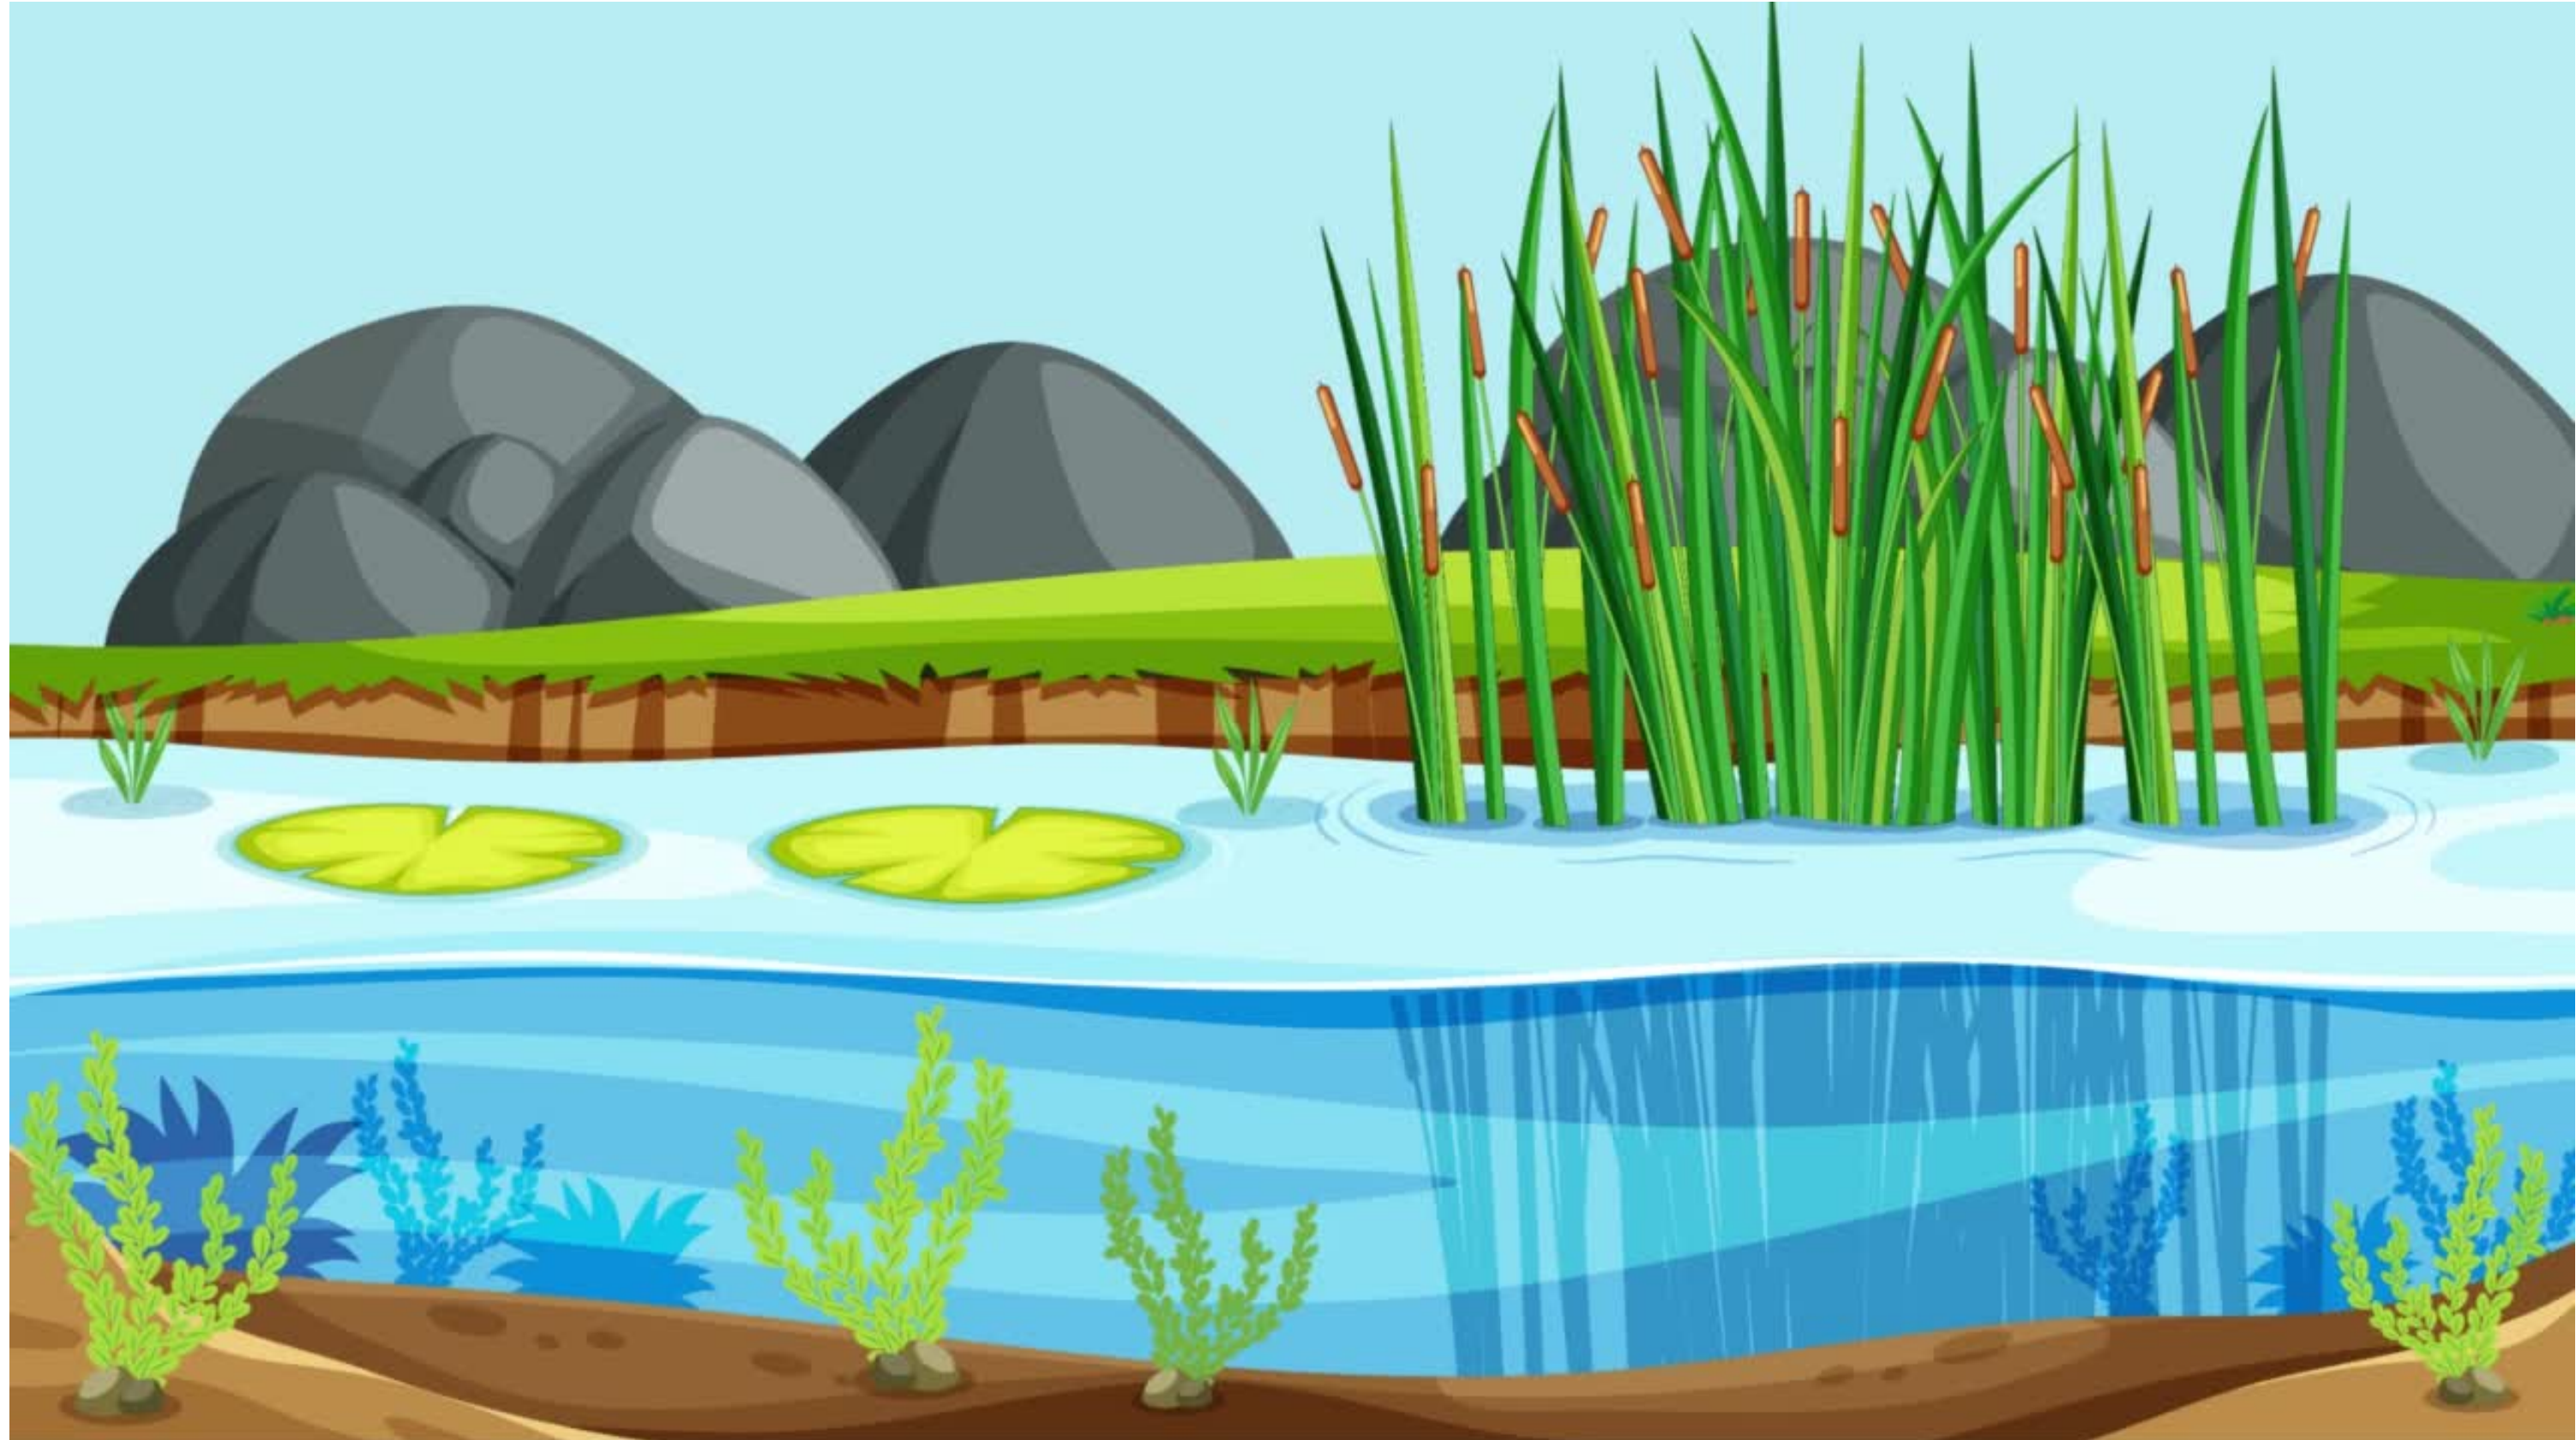

- Top Bar:** Includes navigation links (Home, File, Resize), a timeline showing 30.0s, and a Share button.
- Left Sidebar:** Contains icons for Design, Elements, Uploads, Text, Objects, Audio, Videos, Background, and QR Code.
- Transitions Panel:** Located on the left, it shows various transition options. The "Match & Move" transition is selected and highlighted with a blue border. Below the transition options, there is a "Duration (seconds)" slider set to 0.1. A blue box contains the text: "Match & Move animates identical elements smoothly between pages." At the bottom of this panel is a button labeled "Apply between all pages".
- Central Canvas:** Displays a colorful illustration of a pond with lily pads, reeds, and rocks.
- Timeline:** Located at the bottom, it shows a sequence of slides. The first slide is labeled "FROG LIFE CYCLE" and has a duration of 4.6s. Subsequent slides have durations of 0.2s and 0.3s. A play button icon is visible on the left side of the timeline.
- Bottom Bar:** Includes a "Notes" section, a progress indicator showing 0:04 / 0:30, a progress bar at 39%, and various control icons (64, zoom, help).

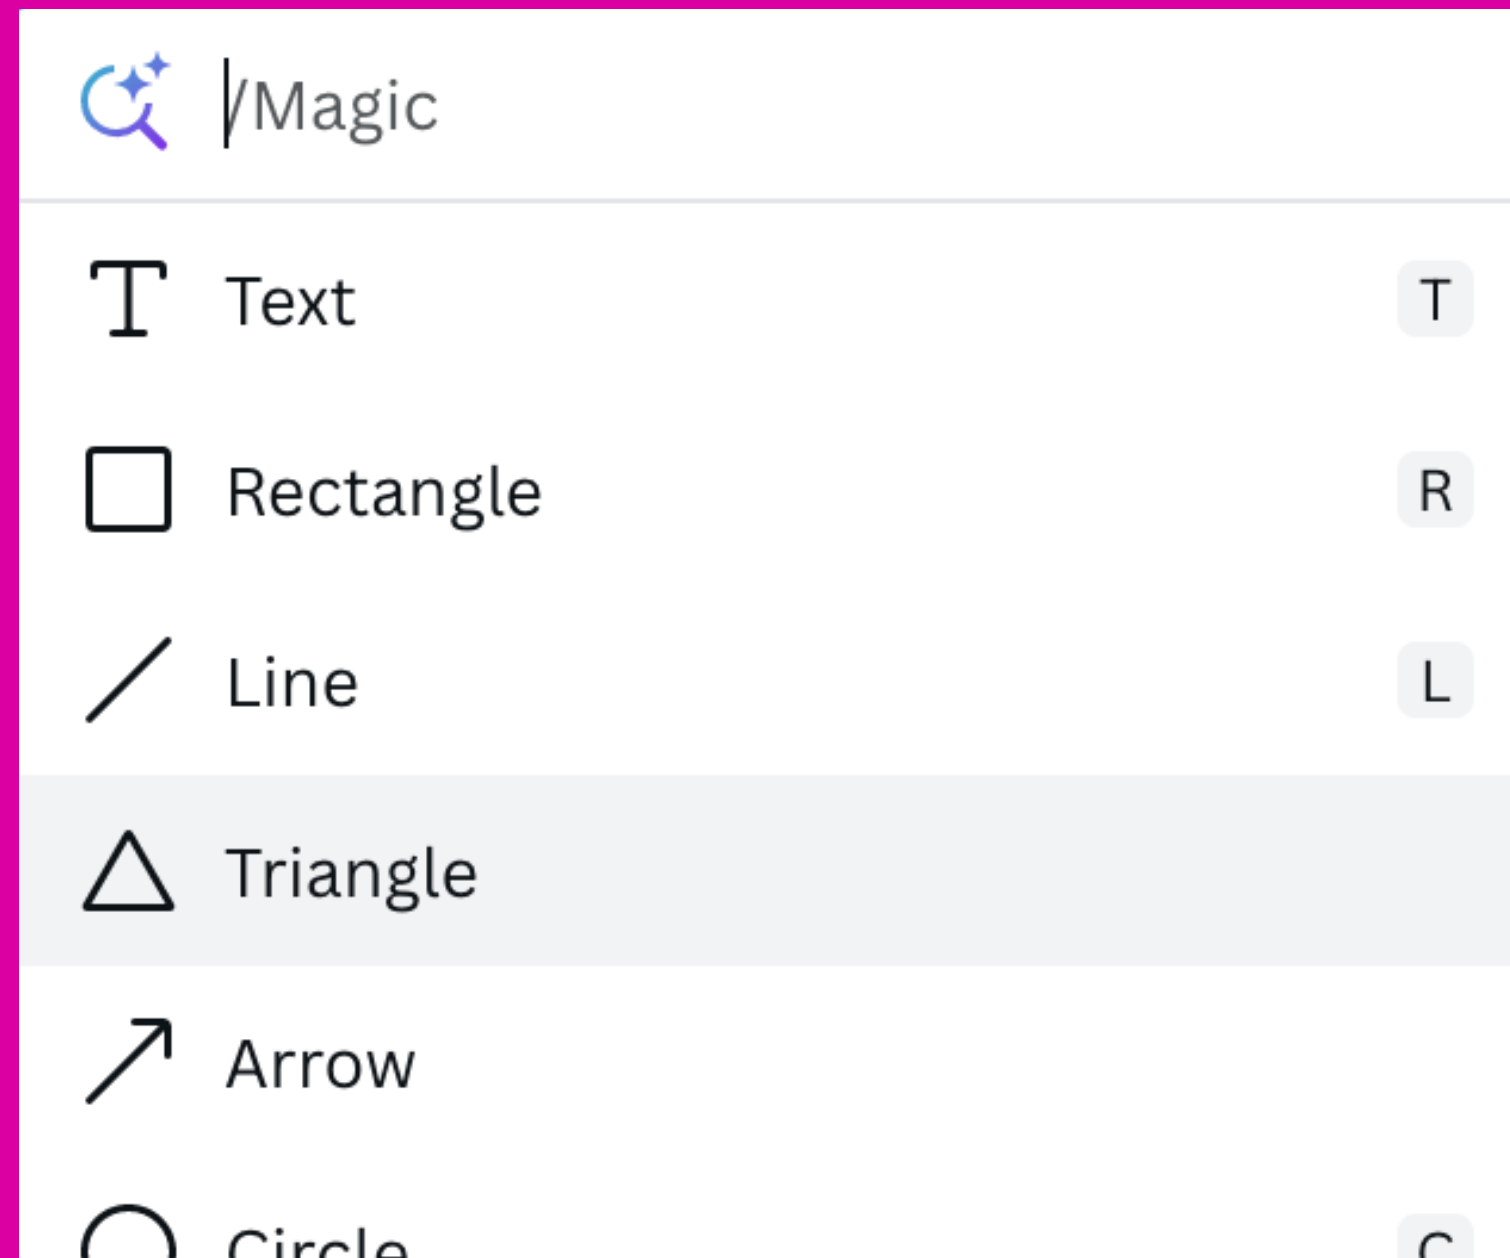

Two large pink arrows are overlaid on the image, pointing from the top corners towards the "Match & Move" transition panel and the timeline.
